

## Master's Thesis and Master's Colloquium

	ECTS
Master's Thesis	24
Master's Colloquium	6

- Seminar offered by LMU in the beginning of 4th semester:
  - "Writing a Master's Thesis"

## SPACE Master's Thesis

## External supervisor

- If the supervisor is external – a 2nd supervisor among the SPACE teachers is needed.
- Why?
  - only TUM lecturer are allowed to grade a Thesis
  - SPACE lecturers know SPACE and what can be expected from an SPACE student
- Master's Thesis is officially assessed by the 2nd supervisor

## Registration and Period for Master's Thesis

### Registration

- Register one week before begin
- Topic must be approved by SPACE

### Period for Master's Thesis

- Master's Thesis shall start after the completion of the exams -> 4th semester
- The period of time between registration and submission of the Master's Thesis must not exceed 6 months
- ... may be extended by 3 months (Extension form on the web)

## Master's Colloquium

- Student can attend Master's Colloquium if
  - all exams are passed (90 Credits)
  - Submitted Thesis (digital and written BOUNDED version)
- The Colloquium lasts 60 minutes (30 minutes presentation and 30 minutes questions)
- Grade is based on both the presentation (form and content) and the discussion that follows
- Supervisor should be present during the Colloquium!

## Tuition fees

- Tuition fees for winter term must be paid if not Colloquium takes place before September 30, 2010.
- If you complete your Thesis and Colloquium within five weeks after the beginning of the lecture period (winter term) – the tuition fees for the winter term is paid back
  - exmatriculation within this five week period is needed!
