

ESPACE 3rd Semester Student Exams

Winter Semester 2011/12 Exam Period: 20.02.12-09.03.12***

date	time	room	subject	type of exam	resources/auxiliary material permitted
20.02.12	10:00-11:00	0714	Geoinformation	written	none
23.02.12	16:00-18:00	0714	Seminar Remote Sensing	Presentation & Discussion	none
24.02.12	10:00-12:00	2609	Earth System Dynamics	written	none
24.02.12	16:00-18:00	0714	Seminar Remote Sensing	Presentation & Discussion	none
28.02.12	12:00-13:00	2609	Precise GNSS	written	pocket calculator*
01.03.12	14:00-15:30	2609	Gravity and Magnetic Field from Space	written	none
02.03.12	10:00-11:00	0714	<i>Estimation Theory (repeat exam)</i>	written	-
05.03.12	8:30 -	2609	Atmosphere and Ocean**	oral	none
06.03.12	14:00-15:00	2609	GNSS Applications	written	pocket calculator*
07.03.12	8:45-10:15	0714	Ground and User Segment	written	Lecture notes, books, and pocket calculator
09.03.12	9:00-10:00	0714	Remote Sensing – Advanced Methods	written	none

*) Non-programmable pocket calculator.

**) This exam is comprised of content from the lectures “Atmospheric Physics and Remote Sensing” and “Satellite Altimetry and Physical Oceanography.”

***)Some exams may not be able to take place within this period for logistical reasons!
